

LTC-PLYMOUTH SCIENCE & TECHNOLOGY CENTER

OPEN HOUSE

5-8 p.m.

Wednesday, February 1

Plymouth High School, 125 Highland Ave.

The new LTC-Plymouth Science & Technology Center at Plymouth High School features state-of-the-art labs to prepare high school and adult students for a number of high-tech careers.

The Center features:

- Two Haas CNC mills, a Haas lathe and high-speed packaging equipment in the computer-integrated manufacturing lab
- Workstations with Autodesk Inventor and a 3D printer in the engineering lab
- Professional-quality welding booths

You are invited to see demonstrations of:

- Haas CNC mills and lathe in the computer-integrated manufacturing lab
- 3D printer and CAD in the engineering lab
- Welding in the welding lab
- Distance learning in the ITV classroom
